IRREVOCABLE CONSENT

Background: MG Business Solutions began operations in 1994 with just two clients, and the company evolved over the years to the large client base it presently enjoys.

This feat was achieved by the good reputation we have built in the industry, being known for firm integrity as exemplified by ourselves and particularly, our numerous staff seconded to various clients.

It is however sad, that some members of staff are constantly engaging themselves in fraudulent acts and the company is thereby repeatedly dragged into disrepute, aside the fact that we are bound to indemnify our clients for any loss occasioned by our staff.

To curb this menace of fraud, you are hereby requested to carefully read the following declarations and sign your consent.

I, _____ hereby declare as follows:

1. I will never be involved in any fraudulent act while working as a staff of MG Business Solutions.
2. If I ever get involved in any act of fraud, MG Business Solutions will be at liberty to report the case and circulate my personal data, including my photograph to the following:
 - a. Ghana Police Service
 - b. Ghana Immigration Services
 - c. Various Embassies & High Commissions in Ghana and Neighboring countries
 - d. The Financial Intelligence Centre — FIC
 - e. One National Television Station
 - f. One Local Television Station.

3. I further agree and pledge that all charges and costs incurred in this process and that of litigation (if any) shall be treated as a personal loan, and I shall pay back the said loan together with the interests accrued to such loan.

I hereby declare that I have read and thoroughly understood the declarations above and I pledge to be irrevocably bound by this declaration for as long as I remain a staff of MG Business Solutions.
